

Hi school, it's William Wood here. Hope you are all safe and missing me. I thought I would write to you to let you know what I've been up to.

It was my birthday during lock down, we couldn't go to Centre Parc's as planned. We had to improvise, so we tried our best to bring Centre Parc's to us. I also with a little help from my mum and dad decided to raise some money for charity. We raised an amazing total of £1225.00 for Barnsley Hospital Charity.

We have also done a lot of bike riding, and I have got used to my new bike now, and my mum struggles to keep up with me.

I have also loved learning about kinetic energy by building dams in the stream down at one of my favorite places Abbledy which is not far from my house, about a 30-minute walk, or 5 minutes on my new bike.

Apart from that I have kept up with some work, my mum keeps on giving me, and keeping in touch with my friends on Fortnite.

I am ready to come back to school now, I really miss my friends.

I hope my pictures and story inspire others to make the most out of there lock down time with their families like I have done.

Hope to see you all soon

William Wood
